

I am opposed to the allowing of the Consumer Bankers Association (CBA) to be allowed to just call me when ever they feel like it. Before this Telemarketers Do Not Call List, my family and I would recieve over 50 phone calls a day. We had gotten to the point we did not even pick up the phone without screening. I am opposed to anyone having the right to just call you when I DO NOT WANT THEM. Thank you for your time on this matter.
